

KanguruClone™ 11 M.2 NVMe SSD Pro Duplicator

Easily Duplicate Up To 11 NVMe SSDs At A Time

The **KanguruClone™ 11 M.2 NVMe SSD Pro Duplicator** is a high-speed, stand-alone duplicator that supports copying up to eleven NVMe SSDs simultaneously. With a total of twelve PCIe M.2 sockets and transfer speeds up to 18GB/min, the KanguruClone 11 M.2 NVMe SSD Pro Duplicator is perfect for high-volume duplication, offering a high-performance, high-capacity duplication system for customers looking to upgrade their PCs with the new NVMe technology.

The beautiful, 7" full-color touchscreen user interface makes this the easiest-to-use Kanguru duplicator ever! Just attach your master NVMe SSD and up to 11 target NVMe SSDs and you can start duplicating with a single tap on the screen. The KanguruClone 11 M.2 NVMe SSD Pro Duplicator has advanced features for the IT professional, yet the controls are simple enough that anyone can begin using it within minutes of taking it out of the box.

FEATURES/BENEFITS

- Easily Upgrade PCs to Ultra High-Performance NVMe Technology
- Duplicate Up To 11 NVMe SSDs At Once
- Stand-Alone Duplicator - No PC Needed
- Multiple Copy & Compare Modes Available
- Beautiful, Easy-To-Use, 7-inch Full -Color Touch Screen User Interface
- Wipe And Erase Features For Secure Data Wiping (Meets GDPR Compliance)
- Includes SATA Adapter For Duplicating SATA HDD/SSD Master (With Adapter Provided)
- System Logs Exporting
- and Much More...

Part Number:
#KCLONE-11NVME

The beautiful user-friendly, 7-inch, full-color touch screen is convenient, intuitive, and easy to use.

The KanguruClone 11 M.2 NVMe SSD Duplicator is TAA Compliant

KanguruClone™ 11 M.2 NVMe SSD Pro Duplicator

Easily Duplicate Up To 11 NVMe SSDs At A Time

| | |
|-----------------------|-----------------------------------------------------|
| PART NUMBER | KCLONE-11NVMe |
| SOCKETS | 12x PCIe M.2 M-keyed |
| SUPPORTED INTERFACE | PCIe M.2, NVMe SATA (with adapter provided) |
| TAA COMPLIANCE | Yes |
| TRANSFER RATE | Up to 18GB/min |
| EXTERNAL CONNECTIONS | USB2.0 – For saving log files and updating firmware |
| OPERATING TEMPERATURE | 41 °F - 122 °F |
| RELATIVE HUMIDITY | 15% ~ 90% |
| INPUT DEVICE | 7" Full-Color Touch Screen |
| WEIGHT | 16.5 lbs |
| DIMENSIONS | 16.5" x 14.25" x 4.75" |
| VOLTAGE | 100-240V 60W |

Ideal for high-volume upgrades to PCIe M.2 NVMe SSDs

WHAT TYPES OF M.2 SSDS ARE SUPPORTED BY THE KANGURUCLONE NVMe SSD DUPLICATOR?

See our article on the Kanguru Technical Support Portal to help you identify what types of M.2 SSDs this duplicator supports, and what it does not support.
