## Important information

- To prevent fire or shock hazard: always keep this product dry and do not expose it to excessive heat caused by heating equipment or direct sunlight.
- To clean the product use a slightly dampened chamois cloth. Do not use cleansing agents containing alcohol, spirits, ammonia or abrasives as they may harm the product.
- Do not disassemble the product. In the event of technical difficulties, take it to your Philips dealer.
- Continuous use at high volume may permanently damage your hearing.
- Transmission range: 30 meters, depending on ambient conditions.
- **Only use rechargeable shortened sleeve NiMH batteries with your headphones.** Do not use standard batteries.

## Installation

Set up the appropriate connections (A).

## Ear cushions

- Push the lever at the top of the earcushion and the earcushion element will release itself.

## Batteries

Charge the headphone batteries for a minimum of 10 hours before first use to ensure longer operating lifetime of batteries.

- Press the lever on the earshell to access the battery compartment. Insert the batteries correctly in the left and right ear shells (B).

Charging time during regular use is approximately 6 hours or less. For charging, place the headphones on the docking station so that the charging pins of the docking station make contact with the metal plates of the headphones. A blinking green LED light indicates charging is taking place, when all three green LED lights are on the headphone batteries are fully charged.

## Information to the Consumer

## Disposal of your old product

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused. When this crossed-out wheel bin symbol is attached to a product, it means the product is covered by the European Directive 2002/96/EC. Please inform yourself about the local separate collection system for electrical and electronic products. Please act according to your local rules and do not dispose of your old products with your normal household waste. The correct disposal of your old product will help prevent potential negative consequences for the environment and human health.

## Informations pour le consommateur

## Mise au rebut des produits en fin de vie

Ce produit a été conçu et fabriqué avec des matériaux et composants recyclables de haute qualité. Le symbole d'une poubelle barrée apposé sur un produit signifie que ce dernier répond aux exigences de la directive européenne 2002/96/EC. Informez-vous auprès des instances locales sur le système de collecte des produits électriques et électroniques en fin de vie. Conformez-vous à la législation en vigueur et ne jetez pas vos produits avec les déchets ménagers. Seule une mise au rebut adéquate des produits peut empêcher la contamination de l'environnement et ses effets nocifs sur la santé.

## Información al consumidor

## Desecho del producto antiguo

El producto se ha diseñado y fabricado con materiales y componentes de alta calidad, que se pueden reciclar y reutilizar. Cuando este símbolo de contenedor de ruedas tachado se muestra a un producto indica que éste cumple la directiva europea 2002/96/EC.
