-------------------------------	---

The Trust Aura uses a 200mm cooling fan to keep your laptop cool when it’s working hard during gameplay. Games can be pretty demanding on your laptop, so as your hardware is working hard to provide you with a great gaming experience, this fan will make sure your laptop stays nice and cool. And if your game isn’t that demanding, switch to the silent mode for a quiet, refreshing breeze.

Ergonomics

This cooling stand is suitable for any laptop up to 17.3 inches. Usually, laptops can cause neck or back strain due to the bad viewing angle, but not with the Trust Aura. Adjust the angle of the Aura in 4 different steps, up to 210mm high, so you’ll create an ergonomic viewing angle that suits you best.

It’s About the Looks Too!

The metal mesh isn’t just there to provide great airflow, it gives your gaming setup a cool look, too! And because gaming is all about standing out, the adjustable multicolour illumination provides you with a unique look. Choose from 5 different colour modes (neon, rainbow, breathing, solid, flicker, off) and create a gaming rig that’s truly your own.
