- Alarm enhancements:
  - Alarm Time Display
  - Sleep Timer
  - Gentle Wake
  - 24 hour alarm reset
  - Repeat alarm
  - Time/alarm set
- Clock: Quartz-operated clock setting
- Display: 4-Digit LCD
- Display enhancements: Brightness control
- Backlight: Amber

### Power

- AC/DC operation
- Battery type:
  - 3 x 1.5V, AA/R6/LM-3 cell (not included)

### Dimensions

- Packaging type: D-box
- Product dimensions (WxHxD):
  - 85 x 106 x 118 mm
- Product weight (kg): 0.5 kg
- Package dimensions (WxHxD):
  - 100 x 158 x 222 mm

## Product highlights

### Time Projection

*Time Projection lets you project the time on any surface at any angle. The innovative projection system ensures that the time will always be positioned and orientated correctly. Unlike conventional LCD displays, the negative LCD display allows light to pass through without significant distortion. A powerful LED luminously lights up the negative LCD to project the light within a certain distance. With its accurate lens, the clock projects the image and even adjusts the focus to your satisfaction. No need to get up and check the time - just open your eyes!*

### Alarm Time Display

*Alarm Time Display always shows both the current time and the time that your alarm is set to go off. The constant display eliminates the need to press a button in order to check whether the alarm has been set and at what time it will go off. Alarm Time Display constantly reassures you that your alarm is set correctly and that it will wake you up at the intended time.*

### Sleep Timer

*Sleep Timer lets you decide how long you want to listen to a radio station of your choice before falling asleep. Simply set a time limit (up to 1 hour) and choose a radio station to listen to while you drift off to sleep. The set will continue to play for the selected duration and then automatically switch off to a power-efficient, silent stand-by mode. Sleep Timer lets you fall asleep to your favorite radio DJ without counting sheep or worrying about wasting power.*

### Wake-Up Timer

*Wake-Up Timer is an alarm clock feature that lets you set the alarm function of the built-in digital clock to activate the radio to wake you up at any time you want. With Wake-Up Timer you can wake up to your favorite radio station every day.*
