

LCD TV SERIES | 6

Captivating images and elegant design from a TV with a crowd-pleasing style.

See for yourself how Clear Motion Rate 120 delivers fast moving images with outstanding clarity. From its crystal-clear on screen motion to its elegant Touch of Color design, the Samsung LN46D630 LCD TV offers up plenty of visual attractions. Even when it's not on, the Touch of Color design – a red accent around the bezel – provides subtle yet attention-getting eye candy. A suite of connectivity technologies including AllShare™ and ConnectShare Movie™ – along with four HDMI® inputs – turns this HDTV into a full-fledged multimedia center.

LN46D630 46" Class (45.9" Diagonal) LCD HDTV with 1080p resolution.**SPECIFICATIONS**

Clear Motion Rate (CMR) is Samsung's more comprehensive and accurate way of measuring TV motion performance than the previously used Hz measurement. The previous system only measured the refresh rate of a TV panel. A TV's ability to deliver clear motion clarity goes beyond a panel's refresh rate. A CMR measurement is achieved by calculating the TV chipset and the backlight in addition to the panel's refresh rate resulting in a more realistic motion clarity metric. Simply put, the higher the CMR the clearer the picture quality..

Dynamic Contrast Ratio 250,000:1

Full HD 1080p resolution: Experience a greater level of detail and clarity in the picture than you ever thought possible.

Touch of Color™: Exclusive design integrates texture and color for a seamless look and feel.

Exceeds ENERGY STAR® standards: LCD Energy Efficient, up to 30% less than the latest ENERGY STAR® specification depending on series and screen size in standard mode.

See www.energystar.gov for more details.
