Soft white light

Simple setup

Control with app or voice*

Hue Bridge included

8718696785218

Easy smart lighting

Get your smart lighting system started with this Starter kit, which includes two smart bulbs with soft white light and the Hue Bridge. It's a complete kit for custom control over your home lighting and all its great features.

Limitless possibilities

- Away-from-home smart light control
- Come home to a house filled with light
- Make it look like you're home with smart lights
- Control lights with your voice

Highlights

Control lights away from home

The Philips Hue app gives you complete control over your lights, even if you're not at home. Switch your lights off and on remotely using just the app to ensure your home is always lit the way you want it.

Make it look like you're home

Use the Philips Hue app to schedule light routines whenever you're away. Your smart lights will turn on at the times you've selected, and sometimes a few minutes before or after, to truly mimic your presence in the house.

Control with your voice

When connected to the Hue Bridge, you can pair your lights with Alexa, Apple HomeKit, and the Google Assistant and control your lights using just your voice. Simple voice commands let you turn your lights on and off, dim or brighten your lights, and even set a light scene.

Come home with light

Set your Philips Hue app to recognise when you're almost home. Before you even step out of your car or walk up the path, your selected smart lights turn on automatically.

Specifications

Lamp dimensions

- Dimensions (WxHxD): 61x110

Environmental

- Operational humidity: 5% <H<95% (non-condensing)
- Operational temperature: -10 °C – 45 °C
