AEG

3000 Induction Hob 60cm

ILB64334CB

Exact heat for impeccable results
Induction helps you master any cooking technique faster and can even boil water in under 90 seconds. The heat adjustments are so subtle that they help you produce the finest tastes and textures every time you cook.

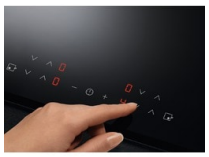

Product Benefits & Features

Your perfect cooking partner
Induction helps you master any cooking technique faster. It heats quicker than other types of hobs so you can get on with your cooking straight away. Quick heat adjustments mean you can produce the finest tastes and textures when you cook.

Hob2Hood®: The hands-free hood
The Hob2Hood® function connects the hob and the hood. The cooker hood automatically adjusts the fan speed based on the heat, without lifting a finger. For powerful extraction when searing. And quieter extraction when simmering.

Instant access and precise settings with Individual Touch Controls
With the Individual Touch Controls user interface, you can control each zone individually. Simply place your pot or pan on the hob and control the heat zone using the plus or minus buttons. For delicious results every time you cook.

Quicker heat for extra speed with PowerBoost
A blast of fast. No more waiting around for pots to boil. The PowerBoost function gives you an instant burst of heat. PowerBoost is perfect for tasks that require you to boil a large pot of water quickly.

Plug and Play—quick set up, so you can quickly start cooking
Say goodbye to those complex fuser wires and connection units. This Hob has a Plug and Play cord that is easy to use. Plug it into almost any standard electrical socket and start cooking.
