# HP LaserJet M110w Printer

An efficient, high-quality laser printer that fits your space and budget. Get fast printing from HP's smallest laser in its class, <sup>1</sup> plus the time-saving HP Smart app.<sup>2,3</sup> Count on professional-quality laser printing and seamless setup.

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: http://www.hp.com/learn/ds
