ThinkPad T14s Gen 1 (Intel)

The flexibility and responsiveness mobile workers demand, with security and manageability features that modern businesses need. Whether working on cloud-based applications, collaborating remotely on a team presentation, or generating routine reports, this 14" portable can breeze through day-to-day tasks. At 1.27 kg (2.81lbs), it is remarkably lightweight yet offers MIL-SPEC durability and a battery that can last up to 21 hours. Advanced user authentication and data encryption technologies help to protect business data.

BUSINESS DEVICES THAT ARE A CLASS APART

REASONS TO BUY

Users will appreciate the optional 4K Dolby Vision HDR display offering exceptional contrast and colour depth. Alternatively, the Full HD display with PrivacyGuard digitally prevents shoulder surfers from viewing information on the screen. Onboard Thunderbolt 3 port enables quick-transfer of large files.

With Modern Standby, busy professionals can configure the device to receive important updates even with the lid closed, and resume in a second when needed – just like a smartphone. Optional 4G WWAN module enables reliable connectivity when WiFi network is weak or unavailable.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

The ultimate productivity notebook, ThinkPad T Series will keep users productive all day with long battery life, docking and enhanced connectivity options, security and manageability features.
