WHY YOU SHOULD BUY THE LENOVO YOGA C630

All-day battery life—and more

Thanks to the unique power-efficient architecture of the Qualcomm® Snapdragon™ 850 Mobile Compute Platform, the Yoga C630's DayPlus battery can run for up to 25+ hours on a single charge. That's more than enough to keep you entertained flying from New York to London and Singapore—and beyond.

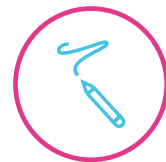

Constantly connected

Access internet wherever the day takes you, with 24/7 LTE connectivity away from WiFi.* Just like your smartphone, the Yoga C630 receives updates and emails even in sleep mode. And you're never more than a moment from use—just one touch of your finger, and it's good to go. No boot-up time, no hassle.

Looks good, sounds good, feels good

Beneath the eye-catching polished metal exterior, the Yoga C630 boasts a stunning 13.3" wide-angle FHD display. Combined with powerful stereo speakers located on either side of your keyboard for enhanced sound, the Yoga C630 is a portable entertainment hub. One that you can flip into a position that's best for you.

Tap into your inner creativity

Get creative with an optional Lenovo Pen, whenever and wherever the mood strikes. Using the Yoga C630 as your canvas or notepad, you can mark up a document, draw on your photos or unleash your imagination with Windows Ink.
