

## BUSINESS DEVICES THAT ARE A CLASS APART

The ultimate productivity notebook, ThinkPad T Series will keep users productive all day with long battery life, docking and enhanced connectivity options, security and manageability features.

## ThinkPad T14 Gen 2 (AMD)

Enable business productivity and collaboration for your workforce in the new normal – without breaking your IT budget. Powered by the latest AMD Ryzen 5000 Pro series processors, this 14" laptop delivers enterprise-grade computing solutions, comprehensive security features and modern touches. Multiple connectivity options, including USB-C and HDMI, make for seamless multitasking, while Modern Standby allows the device to wake in one second and connect to the internet in the next.

### REASONS TO BUY

Display options such as AMD Radeon integrated graphics and 4K UHD Dolby Vision make the device ideal for work as well as off-the-clock entertainment. Plus, the Dolby audio speaker system enhances sound clarity during remote calls and meetings.

On-the-move professionals will appreciate the laptop's Modern Standby feature, which enables it to wake in one second and connect to the internet in the next, reducing time and enhancing efficiency.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.
