

BUSINESS DEVICES THAT ARE A CLASS APART

The ultimate device for any mobile worker or executive, ThinkPad X1 Series combines the latest productivity and security technologies with sleek and lightweight designs.

ThinkPad X1 Titanium Yoga Gen 1

This 11-mm slim convertible is the thinnest ThinkPad ever. It features an impressive titanium cover and a 2-in-1 design that's perfect for mobile professionals – watch presentations, hands-free, in tent mode while working from project sites, take notes on-the-go using the tablet mode, or switch to the standard laptop mode. Based on the Intel Evo vPro platform, the laptop is designed to perform at its optimal best even with multiple applications open.

REASONS TO BUY

The 13.5" 2k touch display, with Intel Iris Xe Graphics and Dolby Vision, renders accurate visuals, whether you are on a video call or working on video content. Enjoy uninterrupted video streaming or calls from anywhere with optional 4G/5G WWAN connectivity.

A full-spectrum of security features that include AI and biometric authentication ensure no unauthorized user can access any confidential data. Human presence detection technology automatically locks the device when the user walks away.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

ThinkPad X1 Titanium Yoga Gen 1
