Adjustable brightness

The Trust GXT 830-RW Avonn offers you a full-size layout gaming keyboard with 12 multimedia keys. Let the compelling rainbow wave illumination guide you and always hit the right key! The Avonn gaming keyboard will complete your gaming set-up with vivid colours. The LED lights are adjustable in brightness which makes the GXT 830-RW also perfect for gaming in darker times: choose your war colour or draw your enemies into your web with the alluring Rainbow Wave illumination.

Full-size accuracy

The keyboard has a full-size layout meaning that it is optimally designed for fast key entry. The GXT 830-RW features anti-ghosting technology to ensure you can game fast and accurately. You will remain in control even when you press up to 6 keys simultaneously.

800 DPI 

1200 DPI 

1600 DPI 

2400 DPI 

6 responsive buttons

The GXT-105 comes with 6 responsive buttons for ultimate productivity and efficiency. No software is required to setup the buttons, so you can directly use them for your gaming activities. Directly switch the speed selection from 600 DPI up to 2400 DPI. Use a lower DPI setting for more precise sniper shots and use a high DPI for fast reflexes and to quickly explore your surroundings.

Fully illuminated top

The colors of the LED lights on top of the GXT 105 are connected to your DPI selection. 800 DPI will show a blue light, 1200 DPI green, 1600 DPI red, and 2400 DPI will show white light. This is very convenient, because you will always know which DPI setting you are currently using. The breathing light effect will bring your gaming setup to life. The 1.8 meters durable braided cable prevents your cable from tangling up in the heat of the moment.
