

MPN: LVN122506

500m Cat7 S-FTP cable 4x2xAWG23 LSZH white

Used for high speed cabling systems where there is a need for large data traffic.

Offering the maximum protection from RFI/EMI, crosstalk and alien crosstalk, this cable has both an overall braid shield and foil shield, with individually foil tape screened twisted pairs. This type of cable provides the best level of protection from interference and better grounding due to the braid.

Lanview Cat7 S-FTP LSZH cables are manufactured and tested to the ISO/IEC 11801, EIA/TIA 568B and EN50173-2 standards. Each cable consists of 4x2 color coded PE insulated conductors.

Especially suited for noisy environments or where there is limited space in the cable routes.

- HD-Base T application
- Shield: Foil/Braid
- AWG 23 solid copper
- 500 m reel
- Meter marked cable
- 600 MHz
- Tested to 60 Watts but can also run High POE.
- NVP Value: 74%

Specifications

Features		
AWG wire size		24
Cable class		Eca
Cable length		500 m
Cable shape		Round
Cable shielding		SF/UTP (S-FTP)
Cable standard		Cat7
Cabling technology		10GBase-T
Conductor material		Copper
Conductor type		Solid
Connector 1		Open end
Connector 2		Open end
Data transfer rate		10000 Mbit/s
Ethernet interface type		10 Gigabit Ethernet
Frequency		600 MHz
Halogen-free		Yes

Features	Jacket material	Low smoke zero halogen (LSZH)
	Product colour	White
	RoHS compliance	Yes
Packaging data	Quantity per pack	1 pc(s)
Vendor information	Brand Name	Lanview
	Warranty	25 Year(s)
Weight & dimensions	Outer diameter	7.4 mm
