PRO Cat5e Unshielded flip jack keystone

This Unshielded Cat5e Keystone Jack for patch panels and other data installations allows for multiple cable entry directions to be accommodated when this jack is mounted in a standard depth back box. This permits many mounting options including flush shutters at the outlet as well as more common angled shutter used with keystone jacks.

- Component Compliant Manufacture.
- Easy to install without need for special tools.
- PoE++ : 100 Watt
- Better Print
- Uniform gold plating

Specifications

Features	AWG wire size	22/24
