The most precise maps with dual roll productivity¹

*Hình ảnh sản phẩm có thể khác với sản phẩm thực tế

PRECISE_Highest precision and fine line detail

- Rely on clear PDF output—see excellent transparencies and layers reproductionwith Adobe PDF Print Engine.
- Achieve finest details, sharp contour lines and text with high-definition HP HDNA printheads.
- Get smooth gradients and reproduce distinct shades of color with HP Pixel
- Work with water- and fade-resistant prints with HP Vivid Photo Inks.3

PRODUCTIVE—Enhanced efficiency, higher speed⁴

- Save media change time-up to 40%with dual roll option for two media types/sizes, automatic roll switching.⁵
- Be more efficient-experience the fastest media handling, spindle-less and automatic roll feed.
- Be more productive-print 2X faster on plain paper at the same quality⁴ and easily handle production peaks.
- Save time with the world's easiest job submission software—send multiple files to print with HP Click.⁷

SECURE-World-class printer protection with HP Wolf Pro Security⁸

- Safeguard your device from attacks by validating the integrity of your firmware and BIOS with Allowlisting and HP Secure
- Control who accesses the printer and its confidential documents with secure PIN printing.
- Keep your fleet secure at any time with HP Security Manager.9

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: http://www.hp.com/learn/ds

Based on testing commissioned by HP and performed by Sogeti in January 2021 comparing the HP Design.Jet Z6 Pro 64-in Printer and comparable competitive printers that represent the majority market share worldwide as of 2020 according to IDC, by loading a 44-in roll of Oce draft paper 75 g/m². Measuring time from loading the roll in the "roll holder" until the printer finishes the loading. Test performed under the same conditions in both printers (loading upper/top roll and using default settings for skew and size detection).

Based on testing commissioned by HP and performed by Sogeti in January 2021 comparing the HP Design.Jet Z6 Pro 64-in Printer and comparable competitive printers that represent the majority market share worldwide as of 2020 according to IDC, by printing 5 A1 PDF GIS files on plain paper and Normal mode using HP Click and Canon Direct Print & Share printing software. Test performed under the same conditions in both printers using equivalent print modes measuring time from "Drag and drop" the files until the last page is ejected by the printer. Applicable to PDF, JPEG, TIFF, DWF, and HP-GL/2 files. HP Click is only compatible with Original HP ink supplies.

Sử dụng mực và đầu in HP Chính hãng cùng với vật liệu in khổ lớn của HP mang đến trải nghiệm chất lượng cao đồng đều và hiệu suất đáng tin cậy giúp giảm thời gian chết. Các thành phần quan trọng này được thiết kế và chế tạo cùng nhau dưới dạng một hệ thống máy in được tối ưu hóa. Ngoài ra, mực HP chính hãng được thiết kế để kéo dùi tối đa tiố thọ của đầu in HP. Bảo vệ khoản đầu tư vào máy in HP của bạn bằng cách sử dụng mực HP chính hãng để nhận được sự bảo vệ đầy đủ từ chế độ bảo hành của HP.
