Control with app or voice*

Add Hue Bridge to unlock more

8719514356771

Easy smart lighting

Connect your smallest lamps and fixtures – wall, table, or desk lamps, for example – with two Philips Hue White lustre P45 E14 bulbs. These small bulbs offer dimmable warm white light and Bluetooth control in one room. Add a Hue Bridge to unlock the full suite of features.

Limitless possibilities

- Get the perfect fit for small fixtures

Easy smart lighting

- Control up to 10 lights with the Bluetooth app
- Control lights with your voice*
- Set the right mood with soft white light
- Unlock the full suite of smart lighting features with the Bridge

Highlights

Get the perfect fit for small fixtures

This small LED bulb is made for lamps and fixtures that are too short to accommodate a candelabra bulb. It features a rounded P45 shape that measures about 77 mm high and 45 mm wide, making it small enough to fit into tight spaces yet bright enough to provide lighting for your tasks.

Set the right mood with soft white light

Hue bulbs and light fixtures use a soft white light. Dimmable from bright daylight to low nightlights, these smart lights allow you to fill your home with just the right level of warm light when you need it.

Control up to 10 lights with the Bluetooth app

With the Hue Bluetooth app, you can control your Hue smart lights in a single room of your home. Add up to 10 smart lights and control them all with just the touch of a button on your mobile device.

Unlock the full suite of smart lighting features with the Bridge

The Bridge unlocks the features that make smart lighting truly smart – away-from-home control, voice control, automated lighting and much more. Add a Bridge to your setup to create immersive experiences, tap into technology that's secure and reliable, and more. The Bridge is the key to smart lighting like you've never seen before.

Control lights with your voice*

Philips Hue works with Amazon Alexa and the Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Simple voice commands allow you to control multiple lights in a room, or just a single lamp.

Specifications

Lamp dimensions

- Dimensions (WxHxD): 45x77

Durability

- Number of switch cycles: 50,000
- Nominal lifetime: 25,000
