Sustainable style

Carry and protect your laptop in style and feel good about it at the same time. The main material of the Renew Business Series 17.3-inch Laptop Backpack is made from 100% ocean-bound plastics while all tags, strings and stuffing are sourced from 100% recycled biodegradable materials.

Safe and secure

Make it harder for light fingered thieves and electronic pickpockets. An RFID pocket protects your credit cards and data from scanners while double-coil, lockable zippers³ and slip pockets keep your possessions tucked away and secure. Plus there's a Bluetooth® tracker pocket to house your tracking device¹ that locates your bag.

Grab and go organization

Stay organized with this clutter-free carry-all any time you need to move around, whether working from home or on the go. Numerous slip and zip pockets provide a secure home for your devices, peripherals and cables, plus a convenient cable pass-through keeps your phone, power bank or headphones connected while you are on the move.

Sustainability in action

Comfortably versatile

Here's one comfortable backpack. Wear it as a backpack, or grab the top handle and go. A convenient luggage pass-through fits over most rolling suitcase handles making commuting and traveling easier.
