

OMEN 27c QHD Curved 240Hz Gaming Monitor

Get Wrapped in the Action

Your game looks good, it might even look great, but it's never looked like the realness on this amazing 1000R curved QHD monitor. Step into the action for as long as you want - we've got you covered. A true curve and HP Eye Ease with Eyesafe® Certification¹ always-on low-blue light ensures you can game comfortably. Oh and now you can clock in at a swift 240Hz and identify your enemies better in the dark with blacker blacks. Unrivaled. So, you can be too.

Easy on the Eyes

Play longer with eye comfort. The 1000R curvature bends to the natural shape of your eye so those peepers don't get tired darting around so much. Plus, this monitor is HP Eye Ease with Eyesafe® Certified², which blocks high-energy blue light without sacrificing color.

Refreshness Guaranteed

This right here is one fast QHD³ monitor. With 240Hz refresh rate⁴ you can now see your opponent before they see you. 1ms response time with MPRT let's you game faster without blur. Refreshed pixels guaranteed.

Light Up Your Enemies

The darks are darker and the brights are brighter to show you the full range of light. This VA panel has a 3000:1 contrast ratio⁴ bringing out 3x as many blacks, and the HDR lights up the shadows without the washout.

OMEN 27c QHD Curved 240Hz Gaming Monitor

Featuring

1000R curved display

A deeper curve delivers an incredibly realistic experience and more expansive field of view.

Eyesafe® Certified Display

Eyesafe® certified displays meet TÜV low-blue light requirements and Eyesafe® standards for protecting your eyes from harmful blue light without distorting colors to reduce eyestrain when working for long periods of time.
