

## ICY BOX IB-PCI2017-U2

### PCIe extension card for 1x 2.5" U.2 NVMe or SATA SSD

#### Key features

- Expands your desktop PC with a 2.5" U.2 (SFF-8639) NVMe SSD to PCIe 3.0
- PCI-Express base specification revision 3.0, 4 lanes
- Fits in a PCIe x4, x8 or x16 slot
- Perfect for server, workstation and desktop PC
- Supports U.2/PCIe 3.0 data transfer rates of up to 32 Gbit/s
- Additional support for SATA III 6G drives
- Supports SATA III data transfer rates of up to 6 Gbit/s
- Supports the following operating systems: Windows®

#### Packing content

1x IB-PCI2017-U2, 1x SATA data cable (42 cm), 4x screws for 2.5" SSD/HDD fixation, 1x screw driver, 1x quick installation guide

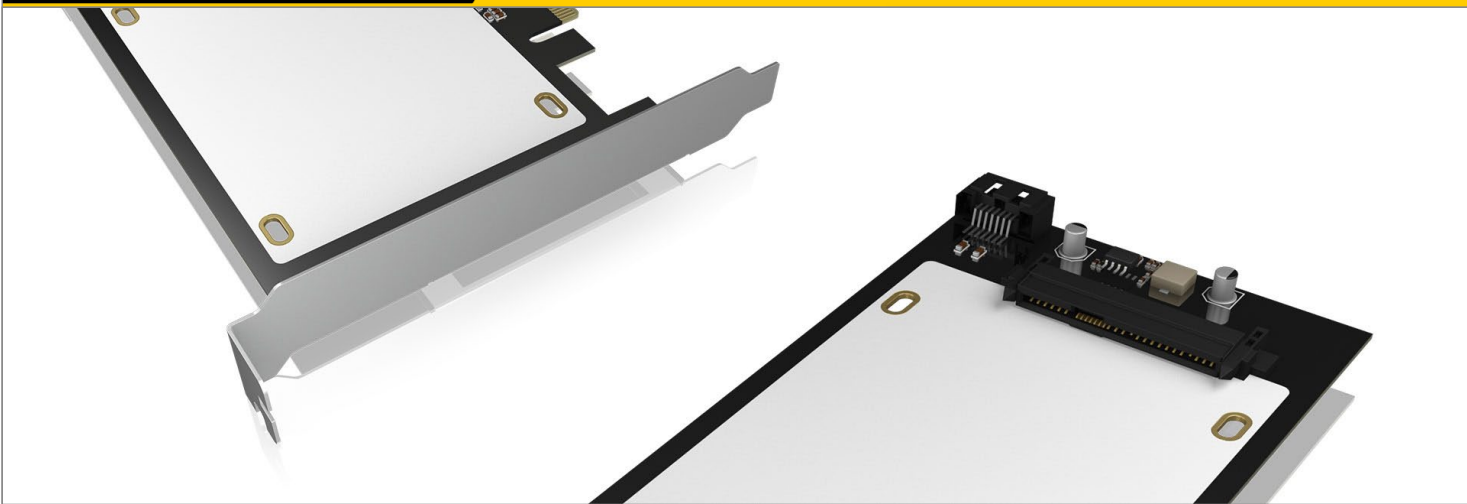

The IB-PCI2017-U2 expansion card is the perfect solution to boost your workstation or storage capacity with a 2.5" U.2 NVMe SSD. All you need is a free PCIe 3.0 slot (x4, x8 or x16) on your computer's motherboard and your data will be transferred at a speed of up to 32 Gbit/s! But the expansion card is even more versatile to use: if you don't have a U.2 NVMe at hand, a SATA SSD will also fit to expand your storage, albeit with a lower transfer rate of up to 6 Gbit/s. In any case, the installation is comfortable and does not require any additional adapter cables.

#### Technical data

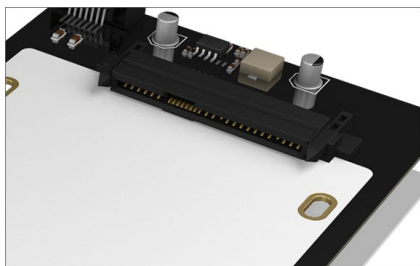

<b>Transfer rate</b>	IB-PCI2017-U2
<b>Article no.</b>	60914
<b>EAN code</b>	4250078172468
<b>Brand</b>	ICY BOX
<b>Colour</b>	Black / silver
<b>Material</b>	Plastic / metal
<b>Interface to host computer</b>	PCIe 3.0 x4, SATA III (optional)
<b>HDD size</b>	2.5"
<b>HDD height</b>	Up to 15 mm

#### HDD interface

<b>HDD capacity</b>	1x U.2 (SFF-8639)
<b>Transfer rate</b>	No capacity limit
<b>Space required</b>	PCIe 3.0 x4 up to 32 Gbit/s, SATA III up to 6 Gbit/s
<b>Power supply</b>	PCIe x4, x8, x16 slot
<b>Operating system</b>	Via PCIe
<b>System requirements</b>	Windows®
	One available x4, x8 or x16 PCI-Express slot (PCI-Express Gen. 3.0, 4 lanes at least)
	Internal free SATA 7 pin plug for SATA connection

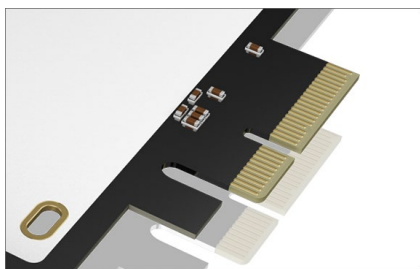

## ICY BOX **IB-PCI2017-U2** PCIe extension card for 1x 2.5" U.2 NVMe or SATA SSD

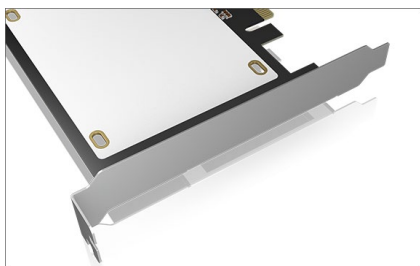

### Boost your system!

You can optimise your system performance by taking advantage of the increased speed and low latency of a 2.5" U.2 SSD. With the IB-DK2017-U2 you add the appropriate U.2 interface to your system!

### Economical solution

Provides a cost-effective upgrade solution for systems that have a free PCIe 3.0 x4 port and is also backwards compatible with PCIe 2.0 and PCIe 1.0. Power is also supplied via the PCIe interface, so no additional connections are required if a U.2 is to be used.

### Easy to install

The expansion card is equipped with a full-profile bracket and does not require an adapter cable for installation. This helps reduce clutter and simplifies the system setup. The drive connects directly to the card's U.2 connector (SFF-8639) and the card's PCIe interface connects directly to the computer's motherboard. If a SATA drive is installed, only an additional SATA data connection needs to be made (cable included).

#### Logistical data

**Packing unit:** 50 pcs./carton  
**Total weight:** 6.30 kg  
**Gross weight:** (with packing): 0.142 kg  
**Net weight:** 0.064 kg

**Dimension/Carton:** 510x410x190 mm  
**Dimension (with packing):** 125x165x30 mm  
**Dimension of article:** 140x20x93 mm  
**Country of Origin:** China
