

PHILIPS

A60 – B22 smart
bulb – 800 (4-pack)

Hue White Ambiance

Up to 806 lumens*

Warm-to-cool white light

Instant control via Bluetooth

Add Hue Bridge to unlock more

8719514328341

Easy smart lighting

Use thousands of shades of warm-to-cool white light with these B22 smart bulbs, whose bayonet bases fit most standard fixtures. Wireless dimming lets you set the right mood instantly.

Easy smart lighting

- Control up to 10 lights with the Bluetooth app
- Control lights with your voice*
- Set the right mood with warm to cool white light
- Get the perfect light recipes for your daily activities
- Unlock the full suite of smart lighting features with the Bridge
- Comfortable, tunable white light

Highlights

Control up to 10 lights with the Bluetooth app

With the Hue Bluetooth app, you can control your Hue smart lights in a single room of your home. Add up to 10 smart lights and control them all with just the touch of a button on your mobile device.

Control lights with your voice*

Philips Hue works with Amazon Alexa and the Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Simple voice commands allow you to control multiple lights in a room, or just a single lamp.

Set the right mood with warm to cool white light

These bulbs and light fixtures offer different shades of warm to cool white light. With complete dimmability from bright to low nightlights, you can tune your lights to the perfect shade and brightness of light for your daily needs.

Get the perfect light recipes for your daily activities

Make your day easier and more pleasant with four pre-set light recipes handcrafted especially for your daily tasks: Energise, Concentrate, Read and Relax. The two cool-toned scenes, Energise and Concentrate, help you get going in the morning or keep your focus, while the warmer scenes of Read and Relax help support comfortable reading or calm a busy mind.

Unlock the full suite of smart lighting features with the Bridge

The Bridge unlocks the features that make smart lighting truly smart – away-from-home control, voice control, automated lighting and much more. Add a Bridge to your setup to create immersive experiences, tap into technology that's secure and reliable, and more. The Bridge is the key to smart lighting like you've never seen before.

Comfortable, tunable white light

With a brightness comparable to a traditional 60 W bulb, these bulbs provide a sufficient level of warm-to-cool white light that is bright enough for reading on the sofa, listening to music or simply relaxing in your bedroom.

Specifications
