

## MAINSTREAM COMPUTING FOR A VARIETY OF BUSINESS USES

ThinkCentre M7 Series desktops offer enterprise security features, a wide range of configurations and expansion options, and reliability trusted by leading businesses across the globe.

## ThinkCentre M70c

Smarter  
technology  
for all

Lenovo

Although entry-level, this desktop surprises with a slew of productivity-boosting features for desk-based workers like admin staff, front-desk employees or support teams. Like the improved Intelligent Cooling Engine that delivers better system performance even when used for long hours. It supports up to 32GB memory and comes with 2 PCIe expansion slots, while its tool-less design allows easy access to the SSD and memory modules.

### REASONS TO BUY

Experience improved data and device security with a range of features including data encryption technologies, Smart USB protection that can block data transfers, chassis intrusion switch, smart cable lock and a Kensington lock slot to tether the device.

Connectivity is critical to productivity. This desktop offers an array of I/O ports across the front and rear of the device, plus optional secure wireless network connectivity.

This device is highly energy-efficient, with Energy Star 8.0 and EPEAT Silver certifications, ensuring you save money and reduce environmental impact.

# ThinkCentre M70c

## KEY SPECIFICATIONS
