

## BUSINESS DEVICES THAT ARE A CLASS APART

ThinkBook combines the style and user experience of consumer devices with the security and business-class support of ThinkPad.

## ThinkBook 13s G3 ACN

Smarter  
technology  
for all

Lenovo

Designed for modern professionals, this exceptionally stylish laptop is perfect for on-the-go productivity. At just 1.26kg (2.78lbs) despite the premium metal chassis, it is easy to carry anywhere – inside or outside the office. Yet, it packs in ample screen space for comfortable viewing thanks to the ultra-narrow bezels. Powerful AMD Ryzen processors with up to 8 cores and AMD Radeon graphics enable mobile workers to breeze through day-to-day workloads.

### REASONS TO BUY

The optional 13.3" WQXGA display (2560x1600) produces crystal-clear visuals in stunning detail while a 16:10 aspect ratio means you see more and scroll less. Features like the fingerprint reader integrated with the power button and an all-day battery add to the smartphone-like experience.

Packed with innovation – users can power on the device just by opening the lid, enhance video output for improved visual quality or leverage smart noise cancellation feature to ensure crystal-clear audio during calls.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

# ThinkBook 13s G3 ACN
