

HyperX QuadCast - USB Microphone (Black-Red) - Red Lighting

FULL-FEATURED STANDALONE MIC FOR STREAMERS, CONTENT CREATORS, AND GAMERS.

The HyperX QuadCast™ is the ideal all-inclusive standalone microphone for the aspiring streamer or podcaster looking for a condenser mic with quality sound. QuadCast comes with its own anti-vibration shock mount to help reduce the rumbles of daily life and a built-in pop filter to muffle pesky percussive sounds. Instantly know your mic status with the LED indicator, and simply tap-to-mute to avoid awkward broadcasting accidents. Select between the four polar patterns (stereo, omnidirectional, cardioid, bidirectional) and use the conveniently-located gain control dial to quickly adjust your mic input sensitivity. The included mount adapter that fits both 3/8" and 5/8" thread sizes and is compatible with most stands. Monitor your mic input with the built-in headphone jack, and QuadCast is certified by Discord and TeamSpeak™ so you can ensure that your microphone is broadcasting loud and clear for all your followers and listeners. Whether you're plugging into a PC, PS5™, PS4™, or Mac® you'll be able to deliver quality sound to anyone tuning in.

Key features

Built-in anti-vibration shock mount

Isolate the mic and suppress the sound of unintentional rumbles and bumps with the elastic rope suspension.

Four selectable polar patterns

Choose between four polar patterns (stereo, omnidirectional, cardioid, bidirectional) to optimize your broadcast setup and keep the focus on the sounds you want to be heard.

Convenient gain control

Easily adjust your mic sensitivity by turning the dial at the bottom of the QuadCast.

Monitor mic input through the headphone jack

Ensure that you're sounding the way you want by monitoring your sound with the 3.5mm headphone jack.

Tap-to-mute sensor with LED status indicator

Use the convenient tap-to-mute functionality to prevent an audio accident along with the help of the LED mic status indicator. If the light is on, the mic is active, if the light is off, the mic is muted.

Mic mount adapter included

Versatile adapter fits 3/8 inch and 5/8 inch threaded setups, so it can be mounted onto most mic stands or boom arms¹.

Built-in pop filter

The internal pop filter will help smooth out some of those pesky percussive noises that periodically punctuate your speech.

Multi-platform, multi-program compatible

One microphone for streaming on PC, PS5™, PS4™, and Mac®. Clear voice quality with excellent sound for clear communication. QuadCast is Discord and TeamSpeak™ certified, and is compatible with most major broadcast software, like OBS Studio and XSplit.
