

MPN: CABLEMANA-2

Cable Management 19", 1U

The MicroConnect CABLEMANA-2 is a 1U 19-inch cable management solution designed to keep your rack installations tidy and efficient. This essential rack accessory simplifies cable organization, preventing tangled wires and improving airflow within your server cabinet. By providing dedicated channels and secure attachment points, the CABLEMANA-2 minimizes the risk of accidental disconnections and makes future maintenance a breeze. Built to MicroConnect's high standards of quality, this cable management system ensures a professional and reliable setup for any 19" rack environment. With over 20 years of expertise, MicroConnect delivers innovative solutions that optimize your infrastructure and enhance performance.

- Create a visually pleasing and clean work environment
- Helps to maintain basic functionality
- Protects the devices from the clogged airflow due to unorganized and disordered wires
