

The colorful way to back it and run

— HELIOS 202 —

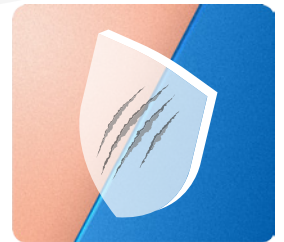

More Power With USB 3.2 Gen 1

This colorful USB-A on-the-go flash drive is equipped with a USB 3.2 Gen 1 interface, which allows for speedy data transfers up to 5 Gbps. With up to 256GB of storage capacity, you'll have more than enough space to take what you need with you.

A Flash Drive With Vivid Spirit

Bright colors add a touch of fun, while an aluminum casing with a sandblasting treatment is not only a stylish detail, but also gives it protection from scratches and fingerprints. The built-in strapholes allow for convenient attachment to keychains or bags.

USB 3.2 Gen 1 Flash Drive
