UK 3001 BLACK DESKTOP UK52168

It has innovative design, elegant style and functionality, it moves the SLIM UK 3001 case to the next level. Thanks to its dual orientation it takes up little space on your desk as you can place it horizontally or vertically so that you have maximum space.

Inside of this, you have a metallic gray folding chassis to guarantee accessibility to the internal components and on the outside a front that simulates the texture of polished steel, which gives it a unique and singular character.
