

## BUSINESS DEVICES THAT ARE A CLASS APART

ThinkBook combines the style and user experience of consumer devices with the security and business-class support of ThinkPad.

## ThinkBook 13x ITG

Experience cutting-edge computing in this svelte ultraportable business notebook, with a stunning dual-tone storm grey or cloud grey top exterior. With the 11th Gen Intel processor and Intel Evo Platform, manage tasks efficiently from anywhere. It packs up to 1TB SSD storage and up to 16GB LPDDR4x memory for quicker load times and smooth functioning of critical time-sensitive applications. Plus, it is MIL-STD durable – carry it anywhere without worrying about accidental drops or spills.

### REASONS TO BUY

The 13.3" WQXGA display (2560x1600) produces crystal-clear visuals in stunning detail while a 16:10 aspect ratio means you see more and scroll less. Features like the optional touchscreen, fingerprint reader integrated with the power button, and an all-day battery add to the smartphone-like experience.

Packed with innovation – users can power on the device by just opening the lid, the ALS feature detects ambient light and automatically adjusts the screen's brightness, Corning Gorilla Glass protects the display from drops and scratches.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

# ThinkBook 13x ITG
