Titan Shield Screen Protector – 10 pcs BULK Pack - for iPhone 14 Plus/13 Pro max for Machine Application - Clear

This glass is equipped with an applicator sticker and is suitable for application in our eSTUFF smartphone applicator machine. The applicator sticker can however also be removed and the glass can be installed manually like any other tempered glass. This premium, case friendly, clear tempered glass, covers the flat part of the screen. It offers ultimate protection against scratches, chips and cracks. It is 9 times stronger than ordinary glass. An anti-shatter film ensures that small glass pieces are kept in place, should the Titan Shield® break. Thanks to the real glass properties there is no change in color or touch experience when the screen protector is applied. If your device is exposed to excessive force the Titan Shield® is designed to break. The screen protector will absorb most of the force and in most cases protect your display from harm. The Titan Shield® comes with a cleaning kit and are easy to install.
