

BUSINESS DEVICES THAT ARE A CLASS APART

ThinkBook combines the style and user experience of consumer devices with the security and business-class support of ThinkPad.

ThinkBook 15p IMH

Incredibly thin and light yet packed with modern features, this 15.6" notebook is built for the new-gen content creators who need to stay productive on-the-go. Up to 10th Gen Intel H-series processors and NVIDIA GTX 1650 graphics help power through day-to-day tasks with ease. Users can switch between performance modes – to conserve battery or drive extreme performance – with a simple keyboard shortcut. MIL-SPEC tested build and enhanced battery-life make it ideal for mobile use.

REASONS TO BUY

Smart features include the ability to power on the device by flipping the lid, improve video resolution for enhanced video playbacks, AI-based noise-cancellation and customizable voice pick-up modes for better audio during calls and a dedicated hot-key to access Lenovo support services quickly.

Choose the UHD HDR display option for exceptionally sharp and accurate visuals. It offers up to 600nits brightness, 100% Adobe RGB color gamut and optional factory colour calibration certified by X-Rite.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

ThinkBook 15p IMH
