BUSINESS DEVICES THAT ARE A CLASS APART

The ultimate productivity notebook, ThinkPad T Series will keep users productive all day with long battery life, docking and enhanced connectivity options, security and manageability features.

ThinkPad T15 Gen 2

Smarter technology for all

Lenovo

This lightweight laptop is designed for business professionals who often travel for work. The expansive 15.6” display affords a comfortable view, while MIL-SPEC tested durability and a 15-hour battery make it ideal for mobile use. Modern Standby allows the device to receive updates even with the lid closed and wake almost instantly when needed. Security features include an optional IR camera with a physical shutter, onboard fingerprint reader and data encryption technologies to protect sensitive business information.

REASONS TO BUY

Under the hood, it packs in the latest 10th Gen Intel® Core™ processors and up to 2TB SSD storage for fast and responsive performance. Modern connectivity ports such as USB-C and ThunderBolt™3 enable high-speed data transfers and help connect to essential peripherals.

Mobile workers often struggle with weak WiFi networks when working from the field. The optional 4G WWAN module in the device uses cellular network to provide reliable data connectivity from anywhere.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

ThinkPad T15 Gen 2

KEY SPECIFICATIONS

Processor	Up to 11th Gen Intel Core i7 processor
Operating System	Powered by Windows 10 Pro
