

USB 3.0 SuperSpeed Active Repeater Cable (A to B M/M), 25 ft. (7.6 m)

MODEL NUMBER: U328-025-1

Connects a USB-B device, such as a printer or scanner, to a PC or laptop up to 25 ft. away with no latency issues or signal loss.

Features

USB Repeater Cable Connects Computers, Printers, Scanners and Other Office Equipment
This USB active cable (M/M) connects your computer or laptop's USB-A port to a USB-B device up to 25
feet (7.6 meters) away. Compatible USB-B equipment includes scanners, printers and external storage
devices, such as optical drives and hard drive enclosures. The extra length gives you more flexibility in
placing devices, even in different rooms, without the expense of extension cables.

Built-In Signal Booster Ensures Top USB Performance

The bus-powered signal booster supports USB 3.2 Gen 1 data transfer rates up to 5 Gbps with no latency or signal loss. The booster is constructed in the middle to allow the cable to be easily pulled through raceway. The cable is backward compatible with previous USB generations, so you can use it with legacy equipment.

900mA of Power Keeps Your Devices Functioning

The U328-025-1 helps deliver up to 900mA to a connected device. Although not required, the additional USB-A connector is provided for applications where power is needed. If your application is not working correctly without power, connect the built-in connector to a USB-A port on your monitor or a USB wall outlet. The plug-and-play U328-025-1 supports all major operating systems, including Windows and macOS.

Specifications

OVERVIEW		
UPC Code	037332268662	
Technology	USB 3.x	
Cable Type	Active	

Highlights

- Active repeater cable allows placement of devices beyond USB's standard 5 m limit
- Signal booster centrally located to allow cable run through raceway
- Bus-powered cable provides up to 900mA of power to connected device
- Supports USB 3.2 Gen 1 data transfer rates up to 5 Gbps – 10x faster than USB 2.0
- Plug-and-play operation with all major operating systems, including Windows and macOS

System Requirements

- USB 3.2 Gen 1 computer port and USB 3.2 Gen 1 connected device required to meet USB 3.2 Gen 1 speeds
- Not for use with Xbox devices

Package Includes

U328-025-1 USB Active Repeater Cable (M/M), 25 ft. (7.6 m)
