Credit Card Machine Stand - a Point-of-Sale countertop mount for your credit card reader to make checkout easy

Securely mount your credit card reader to a countertop with the Manhattan Universal Credit Card POS Terminal Stand. It offers easy accessibility to the PIN pad and card chip reader with a +60° to -70° tilt that can be locked in a fixed position for steady number entry and a 360° swivel around the pole. Its durable, premium-quality aluminum construction is designed for daily use by both customers and cashiers. The base bolts securely to a countertop, and the clamp adjusts to fit most card readers with widths from 69 to 109 mm (2.7 to 4.2 in.). Cable management inside the pole keeps your cords concealed and organized to give a professional look to the installation.

Features:

- Point-of-Sale stand with adjustable clamp to suit all brands of credit card readers that are 69 to 109 mm (2.7 to 4.2 in.) wide
- Free-standing base that bolts securely to countertop
