MX430 Mesh RGB

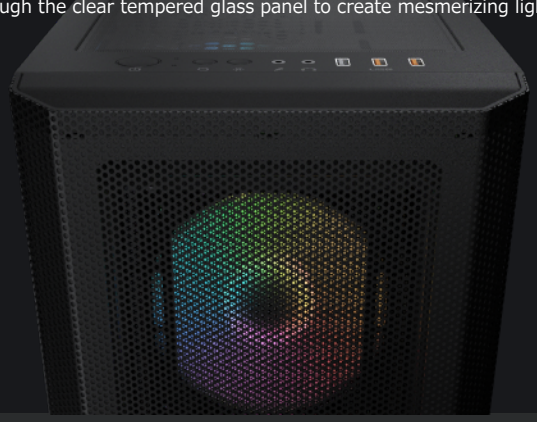

Compact ARGB Mid Tower Case with Powerful Mesh Intakes

We've made COUGAR PC cases even better. The mesh front panel creates a stunning outlook for your amazing build. Powerful airflow, mighty support for up a 280mm radiator, a 320mm graphic card, and a 175mm CPU cooler deliver superior value for you.

Excellent Looks with Superior Airflow

MX430 Mesh RGB's front panel combines with excellent appearance and unobstructed airflow. Three pre-installed fans with airflow and lighting display the unique effect of ARGB through the clear tempered glass panel to create mesmerizing light effects.

Great Support for Components

Its advanced support for up to 320mm-long graphics cards, which allows you to enjoy the latest games with smooth framerates.

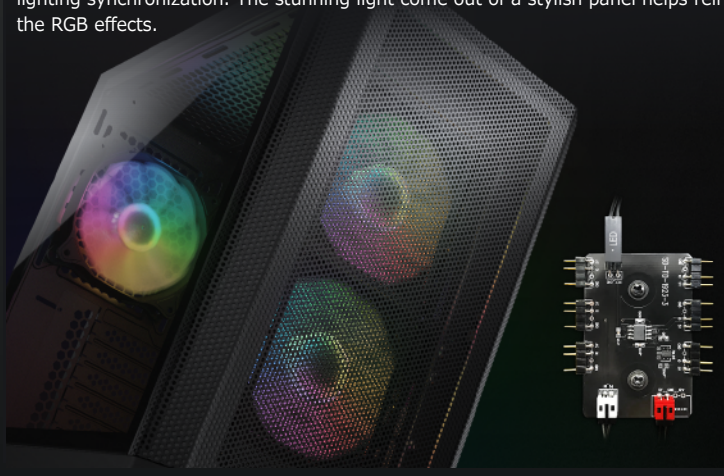

Clean and Tidy Looks

The PSU cover extends the color from the front panel. Unlike most massive tempered glass panels, it presents a distinctive view of divided design. The full-length PSU cover also allows you to hide the cables, improve the internal airflow, and showcase a clean build!

Incredible RGB Lighting

MX430 Mesh RGB comes with 3 ARGB fans. You are freely to control several amazing lighting effects with the dedicated RGB button. The built-in LED controller also adaptable with any compatible motherboards' 5V ARGB connection for system-wide lighting synchronization. The stunning light come out of a stylish panel helps reinforce the RGB effects.

Abundant for Multiple USB Devices

The top panel is equipped with two USB 3.0 ports and a USB 2.0 port, let you easily connect multiple peripheral devices and accessory charging. Not only optimize your processing experiences, but also keep all USB devices without limitations.
