OWL LABS

YOUR WHITEBOARD, VISIBLE FROM ANYWHERE

Bring remote participants into the discussion with Whiteboard Owl, our dedicated whiteboard camera that live-streams and enhances content for better engagement and participation.

The Whiteboard Owl pairs with the Meeting Owl Pro so remote attendees and students can fully see the whiteboard content and join the conversation. Whiteboard notes are automatically enhanced for increased content visibility and are captured during the meeting so participants can save content for later viewing.

KEY BENEFITS

- Delivers more inclusive and collaborative hybrid meetings and classes by leveraging your in-room whiteboard

- Enhances whiteboard visibility for remote participants with Whiteboard Enhance, which ensures writing can always be viewed

- Makes meetings and classes run seamlessly with included magnetic tags to quickly switch between the Meeting Owl Pro and the Whiteboard Owl

- Saves time with Whiteboard Capture, which automatically saves whiteboard notes to share with participants during your meeting

EVERYTHING YOU NEED:

1. A Meeting Owl Pro

2. In-room magnetic whiteboard (non-glass) and markers

3. Computer or Meeting HQ

4. $10/month subscription

OWL LABS

Setup made simple

1 Unbox your Whiteboard Owl.

2 Place Whiteboard Tags in the top left and bottom right corner of the whiteboard.
3 Mount your Whiteboard Owl to the wall or tripod 7-16 feet (2-5 meters) from the whiteboard.

4 Connect your Whiteboard Owl to power.

5 Open the Meeting Owl app to register your Whiteboard Owl.

6 Activate your Whiteboard Owl monthly subscription through the Nest.

7 Pair your Whiteboard Owl with your Meeting Owl in the Meeting Owl app.

8 Once you start a meeting, engage the Whiteboard Owl by turning over a magnetic tag, or by turning it on in the app.

9 To access whiteboard content, open share.owllabs.com and enter the passphrase that appears on the Meeting Owl Stage view. From there, whiteboard content can be viewed and downloaded during the meeting.

Whiteboard Owl Specs

Mounting options

- Wall mount with drywall screws and anchors *(included)*
- Adhesive strips *(included)*
- Mounted on tripod *(tripod not included)*

Camera resolution: 4208 x 3120

Whiteboard Capture

- Download high-res whiteboard snapshots during the meeting
- Whiteboard snapshots are taken every 30 seconds
- Compatible with all commonly used web browsers
- Accessible from tablet or computer

"

The Whiteboard Owl works really well! The students who are remote have reported that they are finally able to see the whiteboard and anything that I write on it clearly. I would definitely recommend this to other Owl users.

John Bapst 1928   Anna Brown, Teacher
