GaN™

30W Rapid Power USB-C Mini GaN Charger

Big Power, Tiny Size

For the first time you can have a charger that will power medium size devices that's hardly bigger than the plug that goes into the wall. Using the latest GaN charging technology, we've been able to make our chargers 50% smaller than other power adapters and eliminated the need for a bulky cable to connect the charger to the power outlet. The result is a take-anywhere charger that can be thrown in a laptop bag for on the road use without taking up valuable space and weighing you down.

50% Smaller.

The 30W Rapid Power Charger's GaN technology helps minimise the charger's size and maximise its performance. The highly adaptable charger is an especially convenient resident plugged into power outlets in cramped spaces. It also occupies next to no space in your laptop bag and backpack pockets. That means you have more room for phones, cards, keys and other essentials.

A 30W Power Boost.

The charger can deliver up to 30W to most USB-C devices, including phones, tablets, and even lightweight notebooks such as the latest MacBook Air and Chromebook devices.

Fast and Safe with GaN.

GaN "Gallium Nitride" technology, a next-generation semiconductor material that out-performs silicon, enables very high energy and power output in ultra-compact devices.

The charger is also certified to meet and exceed all regulatory standards and features multiple safety functions such as over current protection, over voltage protection, short circuit protection & over temperature protection.

User Interface

Input	AC 100-240V ~50/60Hz, 0.6A
Output	1x USB-C (female) charging port, 5-20V DC charging output at up to 30W

Physical Characteristics

Product Dimensions	30(L) x 30(W) x 30(W) mm excluding plug
Weight	40g

Device Compatibility

Suitable for use with devices requiring up to 30W of power, including*:

- Apple iPhone
- Apple iPad and iPad Pro
- Android phones and tablets
- Apple MacBook Air
- Ultraportable notebooks and Chromebooks that can operate from 30W power supplies

* Requires suitable charging cable to connect the charger to the device – not included

Package Includes

1x 30W Mini Wall Charger

Warranty

2 Year
