

ThinkPad T14s Gen 3 (AMD)

For business professionals who frequently travel or work in the field, this laptop powered by AMD Ryzen 7 Pro processor provides efficient execution of work-related tasks such as creating presentations, managing emails, and attending virtual meetings. Supported by AMD Radeon 660M or 680M graphics, creative professionals can run graphics-intensive applications and render graphics seamlessly. Additionally, with up to 19.52 hours of battery life, work on the go without worrying about constantly recharging your device.

Experience immersive audio with 2W dual Dolby Audio stereo speakers, ideal for virtual meetings or creative professionals fine-tuning their audio mix. The optional dual-array microphone ensures clear communication, while an optional 1080p camera with a privacy shutter secures user privacy.

Harness the power of up to 32GB LPDDR5 memory and up to 2TB SSD storage, ensuring smooth multitasking for business users handling multiple documents and applications simultaneously.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

Lenovo devices that are a class apart

The ultimate productivity notebook, ThinkPad T Series will keep users productive all day with long battery life, docking and enhanced connectivity options, security and manageability features.
