

BUSINESS DEVICES THAT ARE A CLASS APART

The ultimate productivity notebook, ThinkPad T Series will keep users productive all day with long battery life, docking and enhanced connectivity options, security and manageability features.

ThinkPad T14s Gen 3 (Intel)

Smarter
technology
for all

Lenovo

A gold standard of corporate PCs, this redesigned Thinkpad powered by up to 12th Gen Intel processor and Intel Iris Xe graphics has everything the mobile workforce demands in their work devices. An epic all-day battery and MIL standard durability make it an ideal carry-it-anywhere work companion without needing to worry about accidental drops or battery drain. It also ensures maximum security with an optional fingerprint reader integrated with the power button and biometric and AI-based security.

REASONS TO BUY

The 14" display comes in different configurations, such as an OLED screen with a 100000:1 contrast ratio and anti-glare technology for refined details and lifelike visuals – ideal for designing graphics-intensive content or 3D rendering. Choose the optional touch display for seamless computing during travel.

Connect up to 3 external monitors or other equipment through a range of onboard and optional ports, including the dual super-fast Thunderbolt 4 ports for transferring large data-heavy files in a flash.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

ThinkPad T14s Gen 3 (Intel)
