Whirlpool induction glass-ceramic hob - ACM 828/BA/S

4 induction rings. flexiCook zone technology, allowing you to combine multiple burners into a single cooking zone, for larger pots and pans. Intuitive slider, for effortless control of your appliance settings. This Whirlpool induction glass-ceramic Hob features: An elegant technology, that heats the pan, not the hob, reducing energy dispersion and providing perfect cooking results. Electric power supply.

Slider

Intuitive cooking. The intuitive touch-sensitive Slider allows you to control the power for each hob whilst the illuminated display shows you which cooking zones are currently being used.

Power management

Outstanding energy efficiency. With the Power Management function, you set the hob's power level, to avoid the risk of overloading the power supply in your home.

Booster

Enjoy super fast boiling times with the Booster cooking zone.

Flexible Cooking

Automatic power settings. Select the cooking function on your touch display and your hob will automatically adjust the power level accordingly.

FlexiCook

Flexibility and performance. FlexiCook provides flexible cooking space for pots and pans of any size.

Induction technology

Faster, energy-efficient cooking. Induction technology heats the pan, not the hob, reducing energy dispersion by 10%, and providing perfect cooking results.

Front Controls

Complete control over your cooking. Easily accessible and genuinely intuitive, the controls are conveniently positioned on the front panel of your hob, providing a frictionless cooking experience.
