

# ideapad FLEX 3 (11")

## BRING YOUR IDEAS TO LIFE.

When inspiration strikes, turn to the powerful yet light Lenovo™ **IdeaPad™** Flex 3 powered by up to AMD Athlon™ 3000 Series Mobile Processor with Radeon™ Graphics. It has an all-day battery and you can use it as a laptop, tablet, and more. For extra privacy, it even has a physical shutter for the webcam.

### WHY YOU SHOULD BUY THE LENOVO IDEAPAD FLEX 3 (11")

#### Fanless design

Built to provide power and comfort with a fanless design, giving you a near soundless experience so that everyday noise is just that much less.

#### Privacy at your fingertips

An easily accessible switch on the webcam lets you keep all your things private, giving you privacy when it matters.

#### Rapid charge

Rapid charging keeps you on the go, giving you 2 hours of battery life for just 15 minutes of charging time.

#### Versatile design

The **IdeaPad** Flex 3 is designed for you to keep your ideas flowing with the ability to multi-mode your laptop - use it in 'Laptop' mode for everyday computing, 'Tent' mode for sharing things, 'Stand' mode for binge-watching, or 'Tablet' mode for a more intuitive interaction.

### RESPONSIVE PERFORMANCE MEETS MODERN FEATURES

Discover a new world of quick apps, beautiful entertainment, modern features, and long-lasting battery life. From completing everyday tasks to streaming your favorite movies, get responsive, reliable performance with an AMD Athlon™ 3000 Series Mobile Processor with Radeon™ Graphics.

1 x DC Port (round)

### PRELOADED SOFTWARE

- McAfee LiveSafe™
- Microsoft Office
- Lenovo Utility
- Lenovo Vantage
- Mirkat

<sup>1</sup> All battery life claims are approximate and based on two methods of testing: MobileMark® 2014 battery life benchmark and continuous 1080p video playback on the latest update of Windows 10 (with 150 nits brightness and default volume level). Actual battery life will vary and depends on many factors such as product configuration and usage, software use, wireless functionality, power management settings, and screen brightness. The maximum capacity of the battery will decrease with time and use.

<sup>2</sup> The actual transfer speed of the USB 3.1 Gen 1 will vary and, depending on many factors, such as the processing capability of host and peripheral devices, file attributes and other factors related to system configuration and your operating environments, will be slower than a speed of 5 Gbit/s.

## OPTIONS & ACCESSORIES

## LENOVO SERVICES

#### Warranty Upgrades - On-site /

##### In-Home Service

Maximizes PC uptime and productivity by providing convenient, fast repair services in your own home.

#### Accidental Damage Protection

Avoid the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops or damage to the integrated screen.

#### Warranty Extensions

##### (1-to-3 Years Total Duration)

This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment and potentially lower the cost of ownership over time.
