

Overview

HP Z2 Mini G9 Rail Rack Kit

Model

Part Number: **6C1U0AA/AT**

Introduction

Whether it is an IT technician servicing a single rack, or a team of professionals managing multiple data centers—with HP Rack Mounting Solutions, everyday tasks are made easy. HP Rack Mounting kits are engineered with the same customer centric design philosophies that have made the Z Workstation product line a continuing success. To maximize rack density, HP engineers have designed a low-profile sliding-rail solution that can be customized on-the-spot to fit the HP Z2 Mini G9 Workstation. The system-tray features captive fasteners, allowing for quick and easy tool-free access to the Workstation.

Key features and benefits

- Combined with the HP Z2 Mini G9 Workstation & HP or Teradici remote access software, the HP Z2 Mini G9 Rail Rack Kit provides a complete remote centralized computing solution that is an excellent alternative to virtualization.

Overview

- With a centralized Workstation solution from HP, you have faster access to centralized storage, increased security, the ability to remotely manage small offices and distributed teams, and the confidence of 24/7 operation that HP Z Workstations are known for.
- Includes all components necessary to rack mount 6 Z2 Mini G9 Workstations: (Qty 1) rack mount tray (including x6 ePSU/Cable recess brackets), and (Qty 1) set of ball bearing slide rails
- HP Z2 Mini G9 is installed in the vertical position and 6 Minis can fit in the 5U rack space
- Optional HP Rack Cable Management Arm helps to organize and route power cords and cables

NOTE 1: Cable management arm (35Z34AA) sold separately.

Compatibility

- HP Z2 Mini G9 Workstation
