

ThinkPad T14 Gen 3 (Intel)

Designed for the modern workforce who need to work from anywhere, this compact desktop is a powerhouse of modern features. It has up to 12th Gen Intel Core processor and multiple display options with technologies like low power consumption, anti-glare, and anti-smudge to choose from. With its onboard Intel UHD graphics and discrete NVIDIA GeForce, combined with up to 2TB ultra-fast SSD storage, it delivers quicker responsiveness while working on heavy-duty applications and complex data or files.

REASONS TO BUY

Comes with a slew of ports, including 2x USB 3.2 Gen 1. Users can connect up to 3 external monitors via Thunderbolt and HDMI ports for seamless multitasking. WiFi 6 support enables faster uploads and downloads as well as lower latency when used with compatible routers.

Security solutions include an optional IR camera for Windows Hello for facial recognition, an optional web camera shutter for user privacy during calls or meetings, and a Kensington slot for device safety.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

BUSINESS DEVICES THAT ARE A CLASS APART

The ultimate productivity notebook, ThinkPad T Series will keep users productive all day with long battery life, docking and enhanced connectivity options, security and manageability features.
